## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| January 4, 2025         |                          |
| IGI Report Number       | LG673404539              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | PEAR BRILLIANT           |
| Measurements            | 10.26 X 6.47 X 4.13 MM   |

## GRADING RESULTS

|               |                     |
|---------------|---------------------|
| Carat Weight  | 1.59 CARAT          |
| Color Grade   | D                   |
| Clarity Grade | INTERNALLY FLAWLESS |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                     |
| Symmetry       | EXCELLENT                                                                                     |
| Fluorescence   | NONE                                                                                          |
